

COMMUNITY ENERGY SOLAR

July 24, 2017

PLEASE TAKE NOTICE that Mohawk Solar LLC will host a public informational meeting on the following date, times and location regarding Mohawk Solar LLC's proposed development of a 90 megawatt photovoltaic solar electric generating facility in the Towns of Minden and Canajoharie, Montgomery County, New York (the "Project"):

The meeting will be held at the Canajoharie Fire Hall, next to the Canajoharie Village Office, 75 Erie Blvd, Canajoharie, NY 13317 on Wednesday, August 9, 2017. Mohawk Solar LLC will hold two information sessions on August 9, 2017; the first from 2:00PM to 4:00PM, and the second from 5:00PM to 7:00PM, with each meeting having the same presentation content. Interested members of the public may attend either, or both, meetings as is convenient for their schedules.

On May 26, 2017, Mohawk Solar LLC, a subsidiary of Community Energy Solar LLC, filed a Public Involvement Program Plan ("PIP") with the New York State Board on Electric Generation Siting and the Environment (the "Siting Board"). The PIP, filed pursuant to Article 10 of the New York State Public Service Law and associated regulations (16 NYCRR Part 1000), is the first step in the process to obtain the requisite approvals from the Siting Board to construct the Project. In the PIP, Mohawk Solar committed to, among other outreach activities, holding four open-house style meetings, the first two of which will be held at the above date, times and location. The purpose of the meeting is to educate interested parties, receive public comment and answer questions about the Project.
